

RELEASE NOTES

Version History

Version	Release Date	Details
11.2	25/03/19	Support for new motherboard revision.

Version 11.2

Improvements

1. **Support for new motherboard revision:**

Changes to the operating system and Titan user interface to support the new motherboard revision which will be fitted into consoles. This is not intended as an upgrade for previous consoles and does not provide any changes to features or bug fixes.

Bugs Fixed

1. **Quartz firmware on new recoveries:**

New version of Quartz firmware to resolve issues encountered with v11.1 and later recoveries.
